SUBJECT: (S) ADVISING THE GOT OF TET MAKINA'S PREPARATIONS
TO SHIP EQUIPMENT TO PAKISTAN

REF: A. STATE 41343
[1](#)B. ANKARA 0722 AND PREVIOUS

Classified By: Pol-Mil Counselor Carl Siebentritt for reasons 1.4 (b),(
d), and (h)

1.(S) We provided points in ref A on April 21 to MFA Arms Control and Disarmament Department Head Elif Ulgen, noting our appreciation for Turkish cooperation on this case and emphasizing that we understand the filament winding machines are in the possession of the firm Tet Makina, and that Tet Makina is actively making preparations for their onward shipment to Pakistan.

[1](#)2. (S) Ulgen told us she would relay this information immediately to the Turkish agencies involved in the investigation and monitoring of Tet Makina. She subsequently confirmed that the agencies involved had been provided the information we conveyed. She reiterated that Tet Makina is being monitored very closely by the GOT, is on the Customs watchlist, and further that the company has been "heavily discouraged" from transferring the machines to Pakistan. She stated that "all measures" will be used to prevent the shipment.
